

# SENIOR STRATEGIC SOURCER(m/f) INFORMATION TECHNOLOGY (IT)

## Outsourcing

### BONN / ISSY-LES-MOULINEAUX

## WORKING FOR BUYIN

Founded in 2011 by Deutsche Telekom and Orange, BuyIn delivers strategic procurement services combining more than 20 billion euros of annual spend. This leads to sustainable economies of scale and savings based on analytics and benchmarks across millions of price points with 40+ operators.

At BuyIn, Information Technology (IT) bundles global responsibility for strategic sourcing for the internal IT demand of its members as well as for the demand for their respective business customer solutions.

## YOUR RESPONSIBILITIES

As a Senior Strategic Sourcer (m/f) you will lead procurement projects of higher complexity at corporate and local level, e.g. IT outsourcing and IT Cross Category Projects. You will manage the relationship with big vendors, drive the implementation of the global category strategy and define/execute project strategies. You are also responsible for the achievement of targets and provide continued support to countries on deals during contract duration. This includes the following duties:

- Lead IT outsourcing and IT cross category projects. Advise stakeholders on best practices.
- Lead RFPs & RFQs and support implementation
- Define/execute cost optimization levers
- Cooperate closely with the Target Costing Department into delivering complete RFP/RFQs, up-to-date market benchmarks and best practices
- Relationship management with stakeholders of BuyIn Alliance members and suppliers

## YOUR CHANCE

In our business, we create innovative IT and telecommunications solutions. Flat hierarchies, a medium-sized company structure, simple workflows: BuyIn gives you the opportunity to actively realize your potential in an innovative and flexible working environment.

Join our team – we look forward to hearing from you [[join.us@buyin.pro](mailto:join.us@buyin.pro)]!

Special Needs candidates will be considered preferentially in case of equal qualification.

## YOUR PROFILE

You hold a University degree or an MBA in the area of Procurement, Informatics, Mathematics, Natural Science, (Business) Economics, Business Information Technology or a qualification of the same level.

You also possess the following skills and experience:

- Professional experience in procurement of 5+ years minimum, in particular in IT outsourcing tenders
- Very good knowledge of telecommunication or information technologies
- Experience in managing customers, stakeholders and suppliers autonomously
- Very good knowledge of contract law
- High ability to structure internal and external communication
- Analytical skills
- Capacity to work in a multi-cultural and fast-changing environment
- Fluency in English and either French or German
- Strong Willingness for potential weekly travels
